## **WASHINGTONVILLE** LOCAL GLEANINGS

By Peter M. Herold.

In a verse grand and sonorous I should like to sing the chorus I should like to tell the story Of its onward march of glory, Free of bran and fake.

But, alas, I cannot sing it! I have tried, but I can't bring it Swelling grandly, piping strong; For I've eaten such a stack of Buckwheat cakes that I've a lack of Room within for song.

Notable in every way was the ban-

About 50 persons were present, many of them of the most distinguished citizens, Preceding feast was the election of officers, the following being chosen to serve during the ensuing year: J. P. After the grace said by Rev. John P. Barry, Joseph G. Butler, jr., was introduced. He is the retiring president of the chapter and is president of the State Society of the Sons of the American Revolu tion and acted as teastmaster. The first speaker was James M. Richardson of Cleveland. He made a splendid address and was followed with well-chosen, stirring words by Rev. Horace Westwood, Mr. Butler, S. D. L. Jackson and Mr. Brown. Captain S. C. Rook, the veteran of the Mexican war, was to give some reminis-

chapter was congratulated and ap-

Last Saturday Mr. and Mrs. William Adams of Scott street celebrated their golden wedding anniversary, and the worthy couple were congrat ulated by many friends. Mr. Adams was at one time widely noted as a horseman and near Hubbard had one of the finest stock farms in this country. He also owned a lot of valuable coal property. It is 27 years since Mr. and Mrs. Adams came from Hubbard to this city. They are both in good health and there is likelihood they will be spared to celebrate the

Mr. Fordyce spent Thursday afternoon in Boardman and Poland townships, but saw none of the little feathered friends, which he is anxiout to get word or wind of, and would thank anyone to give him information leading to their actual location. Jesse Simon reports he recently saw a flock of 200 or more.

#### And now the word comes there is another republican candidate for nomination for mayor, the gentleman in the receptive mood being none other than William H. McGinnis, who was two terms recorder of the county. Mr. McGinnis, who lives on the Side, is a noted geologist and has a fine collection of petrifications and s on, but just how much good that may do him as an aspirant for the highest office in the city remains to be seen. But there seems to be many who be-lieve that Joseph W. Wess is the

most likely man to get the nomina-

tive and it is certain he has a large

following, who are certain, or say they are, he is the strongest of the or three others most prominent in the race. Last Friday evening in the pariors of the Trinity M. It is now said that Harry Morgan and William Bence will be rival candidates on the republican ticket for the nomination for recorder. It is also said there is likely to be no one but the present incumbents out for nomination for county treasurer, auditor and clerk, but there'll be hot

times for probate juage, sheriff and recorder.
